MAJ. JOHN BIDDLE CHOSEN

To Succeed Captain Beach as Engineer Commissioner.

hange in the Board to Be Made or November 1-The Present Incumbent to Have Charge of River and Harbor Work at Detroit.

of the Army, has been selected as En-gineer Commissioner of the District, to succeed Capt. Lansing H. Beach. The change will be made on November 1. Captain Beach has been in the service of the District since November 9, 1884 hen he was assigned as assistant to the Engineer Commissioner. On June 1, 1898 he was appointed Engineer Commissioner to succeed Cei. William M. Black, who was relieved of the position in order to take an active part in the Spanish war. The announcement of the selection of Major Biddle was received with considerable surprise, as no intimation had been giver that a change was to be made in the office of the Engineer Commissioner.

The new Commissioner is a native of Detroit, Mich. He was a student at the University of Michigan when he was ap-

pointed to the Military Academy, fron which he graduated in the class of 1881. He had made a brilliant record at the Academy, and in consequence was as-signed to the Corps of Engineers. His first service was with the batialion of engineers at Willet's Point, N. Y., where he remained until June 15, 1884. He was then transferred to the Department of the Dakotas, and remained there for three and a half years, when he was assigned as assistant instructor of practical mili-tary engineering at West Point. In 1889 he had charge of the post schools, and was placed on detached service at Johnstown, immediately after the great flood of that year, which swept away nearly

all of the town. At the outbreak of the Spanish war he went to Porto Rico with General Miles, as chief of engineers, and after the engineer of the Department of Matanzas. In November, a year ago, he went to the Philippines as chief engineer in one of the military divisions of the islands, and remained there until about a month ago, when he returned to San Francisco. He now in that city and will probably remain there until ordered to come to Washington to assume charge of his new duties. Major Biddle has a very enviable record in the Corps of Engineers, and is known as one of the most efficient officers of the corps.

Captain Beach will go to Detroit, Mich., where he will be in charge of the river and harbor work.

SPREAD OF THE PLAGUE.

More Cases of the Disease Discor

ered in San Francisco. pite the most rigorous measure precaution bubonic plague still exists in San Francisco. The thorough cleaning up of Chinatown under supervision of the Federal authorities was completed June peared during the cleaning process, but it had hardly been finished when the infection broke out once more. Three cases were discovered between July 6 and July II. All were fatal and were reported to the Marine Hospital Service here with

"Diagnosis confirmed by bacteriological examination and necessary precaution taken. Passed Assistant Surgeon Rupert Blue, in charge, and two assistants continue to co-operate with the State and city health authorities in making inspecons and post-mortem examinations. Reports of increased mortality from bubonic plague continue to come in from United States Marine Hospital surgeons in nearly every part of the world. In Hongkong there have been 1,154 cases and 1,688 deaths and the most rigid inspection of incoming and outgoing passengers and baggage is exercised. There were 155 deaths during the week ended June 11. A large number of deaths daily are reported from Canton, China. Plague has been especially severe in the cities of Tung Kun and Sheck Lung, on the East River. Plague is also reported from many cities in Egypt, from British India, Mauritius, Cape Colony, and West Australia and Queensland. The epidemic is increasing alarmingly in Formosa and Japanese ports are so dangerously threatened that active safitary measures have been taken. Since May 12 5,718 deaths from bubonic plague in various parts of the world have been reported by United States officers. Reports of increased mortality from bu-

DEPLORES THE LYNCHING.

The Governor of Mississippi Writes

to the State Department. The State Department has received a letter from Governor Longino, of Missippi, making reply to the department's request for information regarding the ret lynching of two Italians at Erwin, Miss. Governor Longino says that it has not yet been definitely ascertained whethsubjects or naturalized American citizens. In case they are citizens, the Italian Gov-

In case they are citizens, the Italian Gov-ernment can make no claim against this Government for indemnity. In Jeploring the action of the mob, the Governor states that a special session of the circuit court has been called and a reward offered for the capture and con-viction of the lynchers. He further states that upon hearing of the affair he at once sent the sheriff of Washington County at the people of the community great-deprecate the lynching.

IN MANILA CUSTOMS SERVICE. A Washington Young Man Appoint.

ed Collector There.

W. Morgan Shuster, of this city, has been appointed Collector of Customs at Manila, and left Washington yesterday to assume charge of his duties. Mr. Shoster is a native of the District, and twenthe Central Bigh School in the class of 1895 with first honors. He was president of his class and colonel of the regiment of the High School Cadets, Later he began the study of law in the office of Carlisle & Johnson. In the fall of 1895 he went to Cuba as one of the secretaries of the Evacuation Commission. After completing his labors in that capacity he was, transferred to the customs service and placed in charge of the bureau of statistics which he organized at Havana. For some time afterward he was acting auditor of the Island. Mr. Shuster is a linguist of considerable ability. His father is William H. Shuster, a member of the District bar, 1895 with first honors. He was president

An army retiring board to examine Capt. O. C. Ord, of the Twenty-second Infantry, for retirement was appointed yes terday by the Secretary of War. The board is composed of Gen. Samuel B. M. Young, Col. James Marshail, Col. John B. Babeock, Lieut, Col. John D. Hall, B. Babecck, Lieut. Col. John D. Haff, Major Robert J. Gibson, and Capt. David J. Rumbrough. These officers will meet at San Francisco during the coming week. Captain Ord entered the army in 1878 from Texas. He was made a second lieutenant of the Twenty-second Infantry and June J. 1889, promoted to first liteutenant. In April, 1889, at the outbreak of the Spanish-American war, he was promoted to the rank of captain.

Mississippi River Improvements.

The Mississippi River Commission yes Chief of Engineers of the War Departent. The commission has charge of the approvement of the river from Cairo, Ill. improvement of the river from Cairo. III., to the passes. Under the aundry civil bill of 1990 an appropriation of \$2,500,000 was made for this work and all of this money, with the exception of \$25,000 has been expended for levees, dredging, surveys, and material. The failure of the river and harbor bill at the last session of Congress, the report declares, makes it necessary to repeat the recommendations of the last report for continuing the work.

A SHELL FLIES OVER NEWPORT. THE PORTO RICO PROCLAMATION

The City Hall Hit by a Shot From

the Kearsarge. NEWPORT, R. I., July 24.-Several pieces of a shell went whizzing up one of Newport's streets today, bent on destrucdone. It was about 5 o'clock when those in the vicinity of the city hall heard the whizzing sound in the air, which was followed by the falling of a limb of a tree in front of the building, and then a piece of the projectile was seen to graze along Major John, Biddle, Corps of Engineer side of the building, making a cut in the stone as clean as if made with a chisel. At the same time a tree farther up the street was struck by another piece of the projectile. The piece that struck the city hall hit just beneath the window of the office of the board of health.

Just previous to the incident the report of one of the guns at the fort was peard. On enquiry at the fort it was learned that the firing was being done with the 19-inch disappearing guns that guard the en-trance to Narragansett Bay, and that the charge used in the shells was simply reduced charge of 80 pounds, as a preliminary test for the trials tomorrow with

full charges of 280 pounds.

When told that the city hall had b struck, the non-commissioned officer who was seen at the fort said that it would be impossible for a piece of the shells used by them to reach the city. The mys-tery was solved late this evening, and to the battleship Kearsarge, flag ship of the North Atlantic Squadron, can be at-

tributed all the trouble A correspondent visited the Kearsarge tonight to investigate the matter. Lieutenant Ackerman said that the shot came from one of the Nordenfeldt Maxim automatic one-pounders in the upper top on the mainmast, and that they were at a loss to account for it. He said that the crew had just been called to quarters at 5 o'clock and had been sent to their stations at the guns for aiming and firing drill and the first thing that was heard was the report of a gun. It was seen that the top gun already spoken of had been fired. At the gun was a green landsman and he was immediately called from aloft to account for the firing of the gun. The drill is carried on without shells, and it is not known how the shell came in the man's possession.

Lieutenant Ackerman said an inves-tigation would take place at once. He could not understand why the man should have fired the shot. The man has not been placed under arrest, but will be kept oughly investigated.

NEW YORKERS AROUSED. Opposed to the Great Lakes Ship

Canal Project. NEW YORK, July 24.-A call has

issued by the Chamber of Commerce of Rochester for a deep-waterway conven-tion, to be held there in the coming fall. It is believed to be in the interests of those who advocate a national ship cana deep enough to float lake vessels to tide-

The project has created considerable discussion here, and was made the topic of a meeting yesterday afternoon of the Canal Committee of the Produce Ex-change and the sub-executive committee of the Canal Association of Greater New York. It is said that to assent to such a highway would, in local opinion, be tantamount to asking New York to commit commercial hari kari. There is much ficing patriotism as to seek the 'happy

incing patriotism as to seek the 'happy despatch' of its prestige.

The United States Deep Waterway Commission has practically recommended, as the result of its investigations, a twenty-one foot route around Niagara Falls, connecting Lakes Erie and Ontario, thence by way of Lake Ontario to Oswero and through the Mohawk Valley to the Hudson Rover. Its board of engineers, after surveying the various routes, stated that 'before a deep waterway can be opened 'or transacting business the old canals will necessarily have to be abandoned, misning the Eric Canal. The project, therefore, can never be undertaken by the General Government except with an understanding with the State of New York, that existing canals shall be abandoned.' It is too much to expect New York to do this, say the business men, to benefit the Northwest and Middle West, as well as to develop the industries of the lake regions and make Atlantic ports of lake cities.

Bellow at the 'happy deed and ninety-one manufacturing establishments were reported for idaho in 199, with a product of 14,20,532 being an increase of 18 per can; as compared with the year 189, with a product was valued for Newala. The project, therefore, can never be undertaken by the General Government except with the year 189, there was an increase of 81.7 per cent, which was much more rapid than the increase in the population. The most important industries are the construction and repair shop work of steam railroads and the manufacture of humber and timber products.

LIEUTENANT TOWNLEY'S CASE. OR DEPERLY LAND ALLOTMENTS. despatch" of its prestige.

The United States Deep Waterway

ORDERLY LAND ALLOTMENTS.

Homestends in Oklahoma to B

Parceled Out Quietly. The opening of the Klowa and Wichita reservations to settlement on July 29 most satisfactory allotment ever recorded in the history of the Interior Department. Secretary Hitchcock, under whose tipmediate direction is being conducted the work of throwing open the lands to setthe lottery scheme by which every one of fair show in the drawings. It was stated yesterday that only about one in ten will get a homestead, for there are only 14,000 homestead to be distributed. The draw-ing for the homesteads has been so ar-ranged that it will be almost impossible and the clique of land speculators who are said to be on the ground. The drawing will take place on July 29, but the entries for the land will not be recorded until August 6, and then it has been so ar-

intil August 6, and then it has been so arranged that not more than 125 will be allowed to make their entry and pay their fee on the first day, thus preventing, as far as possible, any great rush.

In other words, after all the tickets-prizes and blanks—have been drawn, each successful homesteader must take his turn according to number, as he cannot make his entry until the schedule containing his number is reached. About 125 will be entered on the records each day until the 14,09 are finally disposed of.

Only soldiers and sailors can be represented by an agent, and an agent can represent but one soldier or sailor, thus preventing any agent from andue advontage over the people who have registered for the purpose of becoming actual settlers.

The principal reason for adopting the lottery scheme was to check as far as possible the litigation which has heretofore grown out of the opening of certain reservations to settlement. Assistant Secretary Ryan said yesterday that under the old system of opening the lands. fore grown out of the opening of certain reservations to settlement. Assistant Secretary Hyan said yesterday that under the old system of opening the lands, fights and rious sometimes ensued, and the weak were trampled under foot by the strong. And often six or seven would claim one homestead. Only the other day he said a claim for original entry growing out of the opening of a reservation some eight or nine years ago was finally settled by the department. And the money spent in the courts by the claimants would buy the hand twice over.

Nearly always when lands are thrown open for actitement under the old method the department in a very little while, he said, would be flooded with protests and claims, and it would take months and months in many cases to settle the disputes and clear up the records. All this, it is expected, will be avoided in the opening of the Kiowa and Wichita reservations.

The Transport Thomas Salls.

The departure of the transport Thoma ported by General Young to the War De partied by deneral roung to the war De-partment yesterday in the following de-spatch: "Transport Thomas sailed noon today for Manila with following military passengers: Captain Garrard, quartermas-ter; one contract surgeon, four contract nurses, one hospital corps man."

Rids Asked for Postal Cards.

The Third Assistant Postmaster General sterday issued advertisements for bids for furnishing the Postoffice Department with postal cards for the next four years, beginning December 1, 1991. Bids will be opened on Monday, August 26.

MALARIA MAKES IMPURE BLOOD.

Free Trade With the Island to B

Formally Established Today. Governor Alk of Porto Rico, had inference with Secretary Gage yesterday in reference to some details of the comin reference to some details of the com-ing proclamation of free trade between Porto Rico and the United States. This preclamation will be issued by the Presi-dent today. Secretary Gage said the con-ference was of no significance as the concerned merely discussion concerned merely some mat-ters of administration that would be changed as soon as free trade goes into effect. The proclamation has been in course of preparation at the Department of Justice for some time.

J. W. Yerkes, Commissioner of Internal Revenue, has prepared the new rules and regulations concerning the collection of internal revenue in the island, but will withhold its publication until after the proclamation of the President.

GENERAL CUSHING'S FUNERAL Body Escorted by a Military Cortege to Arlington.

The simple service of the Episcopal Church was read over the remains of Brig. Gen. Samuel T. Cushing. Brig. Church, Washington Circle northwest yesterday morning at 9:30 o'clock. The service was followed by the escort of the body of the deceased soldier by a mili-tary cortege to Arlington, where the re-mains were interred with full military

the rector, the Rev. Alfred Harding. The casket occupied a position in front of the chancel. In the body of the church, representing the local commandery of the Military Order of the Loyal Legion, of which General Cushing was a comrade, were Gen. Ellis Spear, commander of the Washington division; W. P. Huxford, recorder of the Legion, and many other prominent members. The ribbon and insignia of the order were conspicu-

signla of the order were conspicuous.

After the services the casket was borne from the church, and, wrapped in an American flag, was mounted on a calsson. The escort to the National Cemetery at Arlington consisted of a squadron of cavairy from Fort Myer and a battery of field artillery from Washington Barracks.

General Cushing died suddenly at Providence Hospital last Sunday afternoon at 4:30 o clock. His death was ascribed to apoplexy superinduced by heat.

noon at 4:30 o'clock, His death was ascribed to apoplexy superinduced by heat.

He was a native of Rhode Island, and was graduated from the Military Academy at West Point, July 1, 1858. Appointed a second lieutenant in the Tenth Infantry, U. S. Army, he served with distinction through the war of the rebellion, and was brevetted for meritorious services. He was wounded several times and his general health undermined. In 1883 he received his commission as captain and commissary of subsistence. He was a made a major in the Commissary Department in 1885, and in 1885 became lieutenant colonel and Assistant Commissary General. In January, 1888, he succeeded Gen. William H. Bell, as Commissary General of Subsistence. Owing to feeble health he retained the office but three months, and was succeeded by General Eagan.

Since his retirement, April 21, 1888, General Cushing has made his home in this city, living quietly with his family at 230 Q Street northwest.

INDUSTRIES OF THREE STATES. Census Office Statistics on Idaho

Nevnda, and Wyoming. on the manufacturing industries of Idaho, Nevada, and Wyoming. The important industries are mining, stock raising, and doubt that this community has as yet agriculture, and manufactures in the orhave developed but slightly. Five hundred and ninety-one manufacturing es-

ther Enquiry Be Made. Secretary Long has received direction from President McKinley to make a furnquiry into the case of Lieut. Rich ard H. Townley, convicted at Manila of attempting to procure a bribe and sentenced to dismissal from the navy. Mr. Long has directed the Judge Advocate General of the Navy to give a hearing to counsel for Lieutenant Townley. It is claimed on behelf of Lieutenant Townley that the money which he attempted to secure was for the purpose of covering up the alleged shortage of an army officer whom Lieutenant Townley, from purely disinterested motives, desired to save from disgrace. Secretary Long recommended to the President that the sentence of dismissal be carried out. ard H. Townley, convicted at Manila of

FAST OF AB CELEBRATED. Orthodox Hebrews Celebrate

Temple Adns Israel. Adas Israel, the Orthodox Hebrew Syn agogue of this city, observed last night the Fast of Ab, or Tisha b' Ab, which marks the conclusion of a three weeks' period of mourning in the Jewish calendar. This period began

with the Fast of Famuz and ends with the Fast of Ab. This ninth day of the month of Ab is This minth day of the month of Ao is the anniversary of some of the saddest episodes in the history of the children of Israel. Both the first and second temples at Jerusalem were destroyed on this day, and in more recent history the expulsion of the Jews from Spain, in 1492, and subsequently from France, fell, by a strange coincidence, at this period. For many centuries the Jews on this fast day assembled in their places of worship garbed in the habiliments of sorrow and uttered wail and lumentation. wail and lamentation.

At the present day Tisha b' Ab is observed only among those who cling to all ceremonial of angient faith, and in this city the only congregation to observe 'the occasion will be Adas Israel, Short services were held last evening at 7 o'clock, which consisted of the reading of the "Lamentations of Jeremiah" and the chanting of special prayers of mourning. wail and lamentation

The battleships Iowa (flagship) and Wis onsin have arrived at Bremerton, Wash. the tender Potomac at New London, the battleships Kearsarge (flagship). Ala-bama, and Massachusetts and the train-ing ship Essex at Newport, and the gun-boat Marietta at Aden; The training ship Mohican has sailed from Port Townsend for Bremerton.

Colonel Scott, adjutant general on Gen-eral Wood's staff at Havana, cabled the War Department yesterday saying that General Wood is steadily improving. He has not advised the Secretary of War when he will sail from Havana for the United States and it is thought unlikely that he will leave before next week.

Mr. Cridler Much Better. Thomas W. Cridler, Third Assistant secretary of State, who has been ill with typhoid fever, telegraphed his private secretary, Edward L. Glavis, from Sea-bright, N. J., yesterday that he was gain-ing slowly and while still extremely weak was able to bathe in the ocean daily.

Convinced by Printed Testimony of the hundred of the cuptd, Mrs Bens, of 418 East Eighth Street, New York, who was for years a great sufferer from enturn, procured two hottles of Dr. Agnew's Catarrhal Powder, and it effected an aisolate cure in a very short while. One puff through the blower will clear the head and stop heatache. Sold by F. S. Wilfams, Ninth and F. Streets, Edmonds & Williams, Third Street and Pennsylvania Avenue.—8.

TO DISTRIBUTE LOCAL ASSETS. Receivers to Show Cause Why Cred itors Should Not Be Paid.

question of interest to local creditor of the Southern Building and Loan Association, of Knoxville, Tenn., is raised by a rule issued yesterday by Judge Bradley requiring D. A. Carpenter and John W. Connor, receivers, and others, to show cause on August 9 why the said receivers should not be required to ac-

court appointed Carpenter and Connor receivers of all the assets of the association.

On April 39, 1897, Dodson brought suit at law in the local coarts to recover the moneys paid in by him with interest, and attached certain credits of the association here. This suit is still pending.

On May 19, 1897, Dodson sued the association in the Circuit Court for Montgomery County, Md., on his claim above mentioned, and recovered judgment on March 21, 1991, for the sum of \$4.256.40 with interest. On September 16, 1897, in a suit instituted in the District by Barrow and his wife, Carpenter and Connor were appointed receivers of the assets and property of the association in the District of Columbia, and authorized to account therefor in the Tennessee court without giving any bond here.

In the suit last above mentioned, Dodson intervened by petition setting forth that the appointment of receivers here was subsequent to the institution of his suit and his attachments, and was without notice to him. The receivers, he contends, are distributing the assets of the association among its stockholders, ignoring his rights as a creditor. He asks that the local court order that the assets of the association in the District be applied to the payment of his claim. He also states that the receivers have declared their intention of ignoring his rights as a freditor.

The association and the receivers contend that Mr. Dodson has no right other than those of a stockholder, but he claims that they were estopped from setting up any such defence by reason of the judgment in Maryland. Dodson, and others interested as creditors, are represented by Lorenzo A. Bailey, Jehn Ridout is coursel for the association and the receivers.

The Well-Known Physician Succumbs to a Recent Heat Stroke. Dr. George W. West, for many years a well-known practicing physician of this city, died at Columbian University Hospital shortly past midnight Wednesday

which he sustained on July 6. The day had been visiting a number of patients. was on his way home when he succumbed to the heat. He was removed to his home on Phelps Place, where he remained for two days, and was then taken to the Emergency Hospital for treatment. The next day he was taken to Columbian University Hospital, where he remained until the time of his death. His body has been taken to his late home, but arrangements have not yet been completed for his fu-

have not yet been completed for his funeral.

Dr. West was born in Buckingham County, Va., fifty-eight years ago. He was graduated from the Richmond Medical College, Richmond, Va., and afterward studied medicine for a considerable time in Paris. For a number of years he practiced his profession in Richmond, but removed to Washington seventeen years ago and has been prominent in medical circles here. He was a member of the Medical Society and the Medical Association of this city, and also of the National Anatomical Association. He is survived by a widow and one son.

Scrofula

It may develop so slowly as to cause little if any disturbance during the whole period of childhood.

It may then produce irregularity of the stomach and bowels, dyspepsia, catarrh, and marked tendency to consumption before manifesting itself in much cutaneous eruption or glandular swelling.

It is best to be sure that you are quite free from it, and for its complete eradication you can rely on

Hood's Sarsaparilla The best of all medicines for all humors.

AT CHASE'S NEXT WEEK.

A Day and a Night" the Last of th

Hoyt Comedies. With the presentation of "A Day and Night" at Chase's all of next week, the season of the musical comedy stock com-pany will come to an end and the house will be closed until September 16. The season of the company has been a successful one throughout. The players have attained a popularity which is almost un-bounded. The selection of "A Day and

sets of the association within this District, and why such assets should not be applied to the payment of the claims of local creditors residing within the District.

It appears by the papers on file in the case that the association, a Tennesses corporation, having its principal place at Knoxville, did a large business in the District and elsewhere as well as in Tennessee. It is stated that in January, 1887, Isaac B. Dodson, a resident of the District, and a shareholder of the association, filed his withdrawal notice, thereby electing under the by-laws of the association to withdraw therefrom, and receive the amount he had paid in with interest. On April 5, 1897, J. T. Barrow and wife brought suit in the Chancery Court of Knox County, Tenn., for the appointment of receivers and the winding up of the affairs of the association.

On April 39, 1897, Dodson brought suit at law in the local coarts to recover the moneys paid in by him with interest, and attached certain credits of the association here. This suit is still pending.

On May 19, 1897, Dodson sued the association in the Circuit Court for Montgomery County, Md., on his cialm above mentioned, and recovered judgment on March 19, 1991 for the agent of 12560 with the case of the association in the Circuit Court for Montgomery County, Md., on his cialm above mentioned, and recovered judgment on March 19, 1991 for the agent of 12560 with the case of the association in the Circuit Court for Montgomery County, Md., on his cialm above mentioned, and recovered judgment on March 19, 1991 for the agent of 12560 with the case of the summer will be programined and production of the pict and production in the briggest and the summer will be programiced of the programic one of the pict and the selection of the summer will be programic on the programmes at the first of the summer will be programmes at the first of the summer will be programic and the selection of the pict and production of the programmes at the first of the summer will be programic to the programmes at the

CARROLL INSTITUTE OUTING. its Twenty-eighth Annual Excursion

Today. The twenty-eighth annual excursion Carroll Institute will be given to River View today. Plans for the outing, which promises to be one of the most delightful of the season, have been making for some time and an elaborate programme has been arranged.

There will be fine music and all the

There will be fine music and all the forms of amusement at the resort will be in operation. Fishing, boating, and dancing will be features of the occasion, while the shoot-the-chute, the merry-go-round, and the other attractions will afford pleasure to those who attend.

The steamer Pentz will leave for River View at 19 a. m. and 2:15 and 5:45 o'clock p. m. Returning in the evening it will leave River View at 4:15, 8, and 10:30 o'clock.

EXCURSIONS.

The cool ride to Mount Vernon along the historic banks of the Pôtomac on the swift and comfortable electric trains of the Washington, Alexandric and Mount Vernon Railway is daily taken by numbers of Washingtonians who desire to as cape the torrid heat of the city and a the same time view the numerous histor-ical points as located and explained by competent narrators who accompany al Mount Vernon trains. Trains leave sta-tion, Pennsylvania Avenue and Thirteen and-a-half Street, every hour, week days from 19 a. m. to 3 p. m.

To those who wish to escape the hot evenings in the city, and who care more for rest and quiet than for amusements the ride to Indian Head and return on the steamer Charles Macalester the steamer Charles Macaissee leaves little to be desired. The evenings on the water are always cool, the sunsets beau-tiful, and the river breezes are most wel-come after the hot, sultry days in the city But there are a great many who board the Macaiester every Thursday, Friday, the Macalester every Thursday, Friday, and Saturday evening who are not satisfied with such a trip. Marshall Hall, with its many amusements, is their haven. The steamer Charles Macalester makes the sall to Marshall Hall and Indian Head every Thursday, Friday, and Saturday evening at 6:39 o'clock. In addition daily trips are made to Marshall Hall at 10 a. m., 2:39 and 6:39 p. m. On Sundays at 11 a. m., 2:39 and 6:39 p. m.

Woodward and

New York-Washington-Paris.

During the summer store closes on Saturdays at 1 o'clock; on other days at 5 o'clock.

CLEARANCE SALE -OF-

Wash Dress Goods.

Thousands of yards of wash fabrics, foreign and domestic, and every yard produced for the present season, are offered at

A Third, A Half,

And Less than Half Former Prices.

This sale comprises Dainty Dimities, Lawns, Organdies, Swisses, and many of the other most beautiful and most popular sorts of wash fabrics for midsummer wear-goods from our own choice and carefully selected stock, many thousands of yards of which have been in the house

less than two weeks. Stock taking is but ten days off and we want less yards to count this year than we've ever had in any season gone-hence this reduction sale. Some of the most interesting items are as fol-

124c Printed Lawns, 6½c the Yard.

A lot composed of several kinds -all sheer and pretty. White ground with printings of lavender, heliotrope, red, yellow—also a few solid colors, principally in old rose and pinks.

64c the Yard, from 124c. 124c New Dimities,

73c the Yard. The very best quality of 124c Dimities-and all new, crisp, perfect goods, fine and sheer; printed in scores of the most wanted designs, on white ground. Neat figures and stripes and the hand-

some large patterns, in pleasing 74cthe Yard, from 124c.

124c Dotted Swisses, 8c the Yard. Tinted grounds of green, vellow, red, and blue with printed figures of black and white; also white ground with pink, blue,

heliotrope, and navy stripes. A great many very pretty effects. 8c the Yard, from 124c.

50c Mercerized Organdie, 12½c the Yard.

Exquisite printings in floral and other designs on white ground, with white satin stripe. One of the season's most elegant cotton fabrics-30 inches wide.

Special Sale of BOOKS.

121c the Yard, from 50c.

The sale of the 3,000 volumes purchased a short time since and marked at great reductions from former prices has met with quick response. Embracing as it does books in nearly every department of literature, it is of great interest to students, librarians of schools and public libraries and Sunday schools and to literary folks in general who wish to add good

little prices. Over 2,000 titles are represented-and while many have been sold there yet remains a choice selection.

books to their home libraries at

These books are offered at

Less Than Half the Regular Prices.

Nearly all are bound in cloth and were published to sell at 50c, 75c, \$1.00 and all the way up to \$4.00 and \$6.00. They have been arranged on tables, easily accessible, all the same price together, as follows:

10c, 15c, 25c, and 50c.

A catalogue of many of the books in this collection has been prepared and will be mailed free upon request. Book Dept.-Basement.
